

ASEAN Access LEARN

Grow
your skills -
anytime,
anywhere

ASEAN Access LEARN is the online training channel of ASEAN Access, the flagship ASEAN international trade platform and network, facilitating market access for SMEs in ASEAN through capacity building and knowledge-sharing – **free of charge**.

What's on LEARN ?

Live virtual training sessions

Businesses can benefit from virtual training sessions, across industries and business types – in real time, for a more interactive experience.

Self-study courses

Catering to all schedules and timezones, many courses are self-study, allowing you to grow your skills – whenever it suits you best, at your own pace.

Expert trainers from ASEAN and beyond

All LEARN trainers are experts in international trade, within their industry and specialty – ensuring that all trainings are delivered in the highest quality.

Certificates

Certificates are awarded to all participants of live training sessions and self study courses – to showcase your achievement and professional development.

What sets LEARN apart ?

International trade focus

LEARN focuses on topics related to international trade and market access, in areas of import, export and e-commerce – tailored to the needs of businesses looking to expand to new markets.

How to register?

You register once and get free access to all live training sessions and self-study courses available on LEARN. With a single account, you can return for any and all training sessions with one click of a button.

Visit
ASEAN Access
LEARN
